

## 323-LightShip Perki-Light (tm) "Experiential Settings"

3/27/2013

Everyone responds to the Perki-Light differently. You are invited to explore these settings to learn more about the sorts of things you can do with your Perki-Light, and how your body responds to the energy. In addition to using these settings, you are encouraged to learn to find your own settings using the scanning technique or the blink technique (taught on the blue DVD), muscle-testing, pendulum, or your own intuition. These settings were determined intuitively, are largely untested, and should not be considered a substitute for proper medical care.

Just to be clear, the Perki-Light is not a medical device. It is a chi-generating device. When you tune it into a body part, a body system or process, or an aspect of your consciousness or energy field, you are exploring directing chi toward that body part (etc.), for the purpose of clearing energy blocks, and generally increasing the amount of chi associated with that body part (etc.). For example, a setting related to the pancreas is not intended to heal the pancreas in a medical sense, but rather, to clear any blocks to the flow of chi and increase the chi in the pancreas, to assist the body in expressing greater wellness in that area.
